## **NO TIME FOR TALK** **Words and music by Christopher Cross**

Well I read it in town in the melancholy news  
The front page story is our love is through  
The hand of time is cold -- I can't stand to hear the truth  
Somehow I won't believe it 'til I've heard it from you

But there's no time for talk  
And there's no place for tears  
There's no reason to wonder after all of these years  
Sure we had some good times  
And so who's to blame  
It's so hard to tell when you both feel the pain

After the years have come and gone  
The struggle to forget you will have just begun  
We had our ups and downs but one thing's for sure  
No one will ever love you more

## **BABY SAYS NO** **Words and music by Christopher Cross**

Baby says no  
She can't let go this soon  
Doesn't feel right  
Not tonight  
Even though I gave her the stars and the moon  
I really think I've got it bad this time around

Baby says yes  
But I must confess  
It really doesn't seem to matter  
'Cause I'd follow that girl all around the world  
Even if I never had her  
I really think I've got it bad this time around

Gonna show 'em what love can do  
Gonna tell 'em 'bout me and you  
Gonna show 'em what love can do when it's right  
And this time it's right

Love is the light that can shine so bright  
But sometimes it fades away  
Then you find one that can shine like the sun  
And she comes up for you every day  
I really think I've got it bad this time around

Oh when the girl is so far away  
I can't think of all the right words to say  
But now she's here and we are all together

**WHAT AM I SUPPOSED TO BELIEVE**  
**Words and music by Christopher Cross**

Some like it hot  
Some like it cold  
I like it best when it's untold  
When I feel sad  
And when I feel down  
Then I'll wish you were around

What am I supposed to believe  
Is it that you really love me

Turn down the lights now  
It's all been said  
The troubles that come and go  
You took my heart and threw it away  
You left me out in the rain

What am I supposed to believe  
Is it that you really love me  
Just you wait  
You wait and see  
I will be there to love you

Oh it's hard  
So hard to live a life on your own  
After you've known how it could be  
With you and me  
Won't you come home to me  
You could make everything all right  
You could warm me through the coldest night  
And make it all right

## **DEAL 'EM AGAIN**

**Words and music by Christopher Cross and Michael Maben**

You pick up the cards that they're dealing to you  
You can throw down or showdown  
The bluff makes a fool out of you  
The ante goes up and your luck runs down  
It's a strange game  
It's a damn shame  
But somebody's going to lose  
It don't matter -- lose or win  
You can deal 'em again

A handful of hearts and you're playing to win  
It goes down and you're put down  
And that takes it all out of you  
One last hand and you're going for broke  
The cards fall and you take all  
Just when you thought you were through  
It don't matter -- lose or win  
You can deal 'em again

You pick up the cards that they're dealing to you  
You can throw down or showdown  
When love makes a fool out of you

## **THINK OF LAURA**

**Words and music by Christopher Cross**

Every once in a while I'd see her smile  
And she'd turn my day around  
A girl with those eyes  
Could stare through the lies  
And see what your heart was saying

Think of Laura but laugh don't cry  
I know she'd want it that way  
When you think of Laura laugh don't cry  
I know she'd want it that way

A friend of a friend  
A friend to the end  
That's the kind of girl she was  
Taken away so young  
Taken away without a warning

I know you and you're here  
In every day we live  
I know her and she's here  
I can feel her when I sing

Hey Laura, where are you now  
Are you far away from here

I don't think so  
I think you're here  
Taking our tears away

**ALL RIGHT**  
**Words and music by Christopher Cross**

I know, I know what's on your mind  
And I know it gets tough sometimes  
But you can give it one more try  
Find a reason why  
You should pick it up  
And try it again

'Cause it's all right  
I think we're gonna make it  
I think it might just work out this time  
It's all right  
I think we're gonna make it  
I think it might work out fine this time  
It's all right  
I think we're gonna make it  
I think it might just work out  
'Cause it's not too late for that  
Too late for me (love)

I know I've been hurt before  
And I know I really shouldn't give any more  
But this time  
This time things seem just a little different  
And when I look in your eyes  
You know I can see that it's true  
And I hear you say it's all right

Just when you feel helpless  
Nothing left to say  
Love will find us  
The past behind us  
Then we're on our way

Time and time again I see  
People so unsure like me  
We all know it gets hard sometimes  
You can give it one more try  
Find another reason why  
You should pick it up  
You should kick it up  
And try it again

**TALKING IN MY SLEEP**  
**Words and music by Christopher Cross**

Talking in my sleep  
She ain't gonna hear it  
So my secrets have to keep  
A little while longer  
In my heart where they've been  
For so long I can't remember

Days turn into weeks  
Still she's not with me  
Still my secrets have to keep  
A little while longer  
In my heart where they've been  
For so long I can't remember

And I know that I'm just gonna be  
Another page in love's history  
Another page in your diary  
In that old book of love

Love can cut you deep  
It's there to remind you  
And the memories make you weak  
They whisper to you  
From your heart where they've been  
For so long you can't remember

Wake up  
Reach for her  
She's not there  
All I do is dream  
Dream that she will come home soon  
To me

**NATURE OF THE GAME**  
**Words and music by Christopher Cross**

Taking my time  
Walking the line  
For someone who doesn't care  
Taking my time  
Just walking the line  
For someone who's never there

It's a fool's game--that I know  
Nothing but a broken heart to show  
And I know I'll never change  
It's the nature of the game

She loves me--she loves me not  
Remember how your heart used to stop  
As the petals would hit the floor  
How you wished there could be just one more

**LONG WORLD**  
**Words and music by Christopher Cross**

There's a brand new light in my life  
Shines after the candle is out at night  
It's gotten the best of me  
It's got my heart and it won't set it free  
I just can't tell you why  
If I did, well it might be a lie

It's a long world we're living in  
I've got to have her from beginning to end  
It's long world we're living in  
I just can't live without her

Does anybody know how it feels to want her this bad  
So bad you'd give your life away  
There's gotta be somebody somewhere  
Who needs someone like I need you

And I wait for the day to take her away in vain  
And I realize I'll always feel the same

**WORDS OF WISDOM**  
**Words and music by Christopher Cross**

I can hear your voice and I have no choice  
'Cause the pain is too deep inside  
And the hurt of a love that is lost has no cure  
But the love of another heart  
Your friends try and say it will all get better  
They say that they know how you feel  
But your heart isn't sure 'cause it knows what it heard  
All the things that it read in the letter

All the words of wisdom  
Never seem to ease the pain  
All the words of wisdom sound the same

All the lies of kindness  
Oh that sweet refrain  
But you pay the price for the joy that it brings  
'Cause you hear the sound of her name  
And the morning tries to save you  
From the shadows of your heart  
They dance and kiss as you reminisce  
And it's tearing you apart

### **ARTHUR'S THEME**

**Words and Music by Burt Bacharach, Carole Bayer Sager, Christopher Cross  
and Peter Allen**

Once in your life you'll find her  
Someone that turns your heart around  
And next thing you know  
You're closing down the town  
Wake up and it's still with you  
Even though you left her way cross town  
Wonderin' to yourself  
Hey what have I found

When you get caught  
Between the moon and New York City  
I know it's crazy but it's true  
If you get caught  
Between the moon and New York City  
The best that you can do  
The best that you can do  
Is fall in love

Arthur, he does as he pleases  
All of his life his master's toys  
And deep in his heart he's just  
He's just a boy  
Living his life one day at a time  
He's showing himself a pretty good time  
He's laughing about the way  
They want him to be
